

DENTDALE TREE GRILLE

Urban Tree Planting
& Tree Irrigation

Provides protection from vehicles and pedestrians in urban settings for young trees.

Manufactured in the UK from 100% recycled materials and are themselves 100% recyclable. Made from engineering grade 275 cast iron which is extremely durable, long-lasting and will not rust in the traditional sense.

Standard range available as well as bespoke. Can be supplied with both irrigation and/or uplighter holes.

Material

275 carbon steel from recycled sources.

Standard Finish

Hot Dip Galvanised to BS EN 1461:2009.

Irrigation Holes & Covers

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters.

Sizes and Supporting Frames

- 800mm x 800mm
- 900mm x 900mm
- 1000mm x 1000mm
- 1200mm x 1200mm
- 1400mm x 1400mm
- 1500mm x 1500mm
- 1800mm x 1800mm
- 2000mm x 2000mm

All sizes require a 2 piece grille and Type 1 support frame. If a tree guard is required, a Type 2 support frame should be installed.

Tree Guards

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection.

Security Clips

Available to prevent unauthorised removal of the tree grille segments and to further increase the rigidity.
