

# LITTONDALE TREE GRILLE

Urban Tree Planting  
& Tree Irrigation

## Provides protection from vehicles and pedestrians in urban settings for young trees.

Manufactured in the UK from 100% recycled materials and are themselves 100% recyclable. Made from engineering grade 250 cast iron which is extremely durable, long-lasting and will not rust in the traditional sense.

Standard range available as well as bespoke. Can be supplied with both irrigation and/or uplighter holes.

### Material

100% recycled engineering grade 250 cast iron as standard. Also available in any grade of recycled ductile cast iron.

### Standard Finish

100% recycled primer and metal shield top coat. Finished as standard in satin black, also available in any RAL/BS colour.

### Irrigation Holes & Covers

We can supply tree grilles with irrigation holes and covers. Pattern alterations can also be made to allow grilles to accept uplighters.

### Sizes and Supporting Frames

- Ø 890mm Littondale Tree Grille: is a 2 piece grille and requires a Type 1 support frame. If a tree guard is required, a Type 2 support frame should be installed.
- Ø 1185mm Littondale Tree Grille: is a 2 piece grille and requires a Type 1 support frame. If a tree guard is required, a Type 2 support frame should be installed.
- Ø 2000mm Littondale Tree Grille: is a 3 piece grille and requires a Type 2 support frame.

### Tree Guards

We offer a large range of tree guards which fix directly to the supporting frames to provide an extremely rigid and effective method of tree protection.

### Security Clips

Available to prevent unauthorised removal of the tree grille segments and to further increase the rigidity.
