

# SEDUM MATTING

Urban Tree Planting  
& Tree Irrigation

A low-growing carpet of plants that will flower all summer long and needs virtually no maintenance. Sedum matting creates a beautiful area of foliage to your project.

Sedum matting contains plant species that support pollinating insects, it features a mixture of mature plants that allows dense plants to establish quickly - making it more reliable than seeding and less time-consuming than plug planting.

Contains frost hardy perennial species which are environmentally-friendly, drought tolerant, low maintenance and prefers neutral to slightly alkaline pH soils. Note - do not plant directly into water or areas of waterlogging.

## Applications

- Ground cover solution
- Biodiverse landscaping schemes
- Banks and sloped areas up to 65 degrees
- Green roof systems
- Around ponds
- Low maintenance areas
- Commercial landscaping
- Urban areas and parks
- Domestic gardens
- Sunny areas

## Technical Data

<b>Size</b>	1m <sup>2</sup> , 500m (W) x 2000mm (L)
<b>Substrate Thickness</b>	15mm
<b>Roll Weight</b>	20kg - saturated weight up to 25kg
<b>Vegetation Height</b>	Approx 50mm - may not be in flower on delivery
<b>Growth</b>	18 drought-loving plants - integrated into a reinforced biodegradable coir blanket.
<b>Typical Seed Mixture</b>	100% sedum
<b>Soil Classification</b>	Grown on bespoke FLL

Contents

- Widow’s Cross (sedum pulchellum)
- Summer Glory (sedum spurium)
- Montanum Orientale (sedum montanum)
- White Stonecrop (sedum album)
- Czar’s Gold (sedum hybridum)
- Ellacombianum (sedum ellacombianum)
- Crooked Yellow Stonecrop (sedum reflexum)
- Tasteless Stonecrop (sedum sexangulare)
- Goldmoss Stonecrop (sedum acre)
- Purple Carpet (sedum spurium coccineum)
- Spanish Stonecrop (sedum hispanicum)
- Oregon Stonecrop (sedum oreganum)
- Orange Stonecrop (sedum floriferum)
- Gold Sedum (sedum kamtchaticum)
- Angelica (sedum rupestre)
- Wormleaf Stonecrop (sedum stenopetalum)
- Stolon Stonecrop (sedum stoloniferum)
- Meadow Saxifrage (saxifraga granulata)

As sown. The actual percentage of each species contained may vary due to environmental factors.

Sedum Plants
FLL Compliant Substrate Compost, Brick Dust, Brick, LECA
100% Biodegradable Coir Fibre
